President's Message

As I write this column it amazes me how quickly time passes. It seems like just yesterday I was beginning my term as TVEPC president and now that term is almost over!

It reminds me that we all truly need to live in the present moment and appreciate what we have or what is happening right then, rather than waiting for the future.

For all of us in our professions we so often see the reality that life is indeed short and unpredictable

So, embrace the moment, for it is indeed a present. And live your best life now, not waiting for some future event.

Thank you all for your participation last month, I look forward to seeing you all on May 8th. *-Jennifer Thaete*
